

**ORANGE LABEL
SISALKRAFT®**

Description: Orange Label Sisalkraft 280 combines two layers of high quality wet strength kraft paper with tri-dimensional reinforcing fibers completely embedded in high grade asphalt to provide superior strength which makes it the best choice for concrete curing and packaging applications.

Federal Specification: Fully complies with Federal Specification UU-B-790A, Type 1, Grades A, B and C, Style 4.

Federal Specification UU-B-790A, Type 11, Grade E, Style 8

ASTM C-171

Physical Properties: Tensile Strength (dry): 75 MD (ASTM D-828)
15 CD

Water Resistance: 24+ Hours (ASTM D-779)

Vapor Permeance: 0.18 (ASTM E-96 Proc. A)

Puncture Resistance: 35 (ASTM D-781)
(Beach Units)

Testing: As specified above.

Manufactured: Fernley, NV
