

Protect your family and your investment with a comprehensive 15-year warranty

Your home is a big investment, and Henry's Residential Building Envelope Systems® can protect it by managing the flow of water, vapor, air, and energy.

The Henry 1-2-3 Moisture Control System™ is a comprehensive warranty, promising durability to resist nature's elements while safeguarding your family, health, and home. Simply choose a compatible water-resistant barrier, flashing, and sealant and qualify for a 15-year **transferrable** warranty. In the unlikely event of a leak caused by product failure, the repairs are covered for both materials and labor with a single point of contact.

- ✓ No complicated claims process
- ✓ No original purchase receipt required
- ✓ No reduction in reimbursement value

Choose Henry – your comfort protected

Henry Residential Building Envelope Systems work together to protect your everyday comfort. All housewrap systems are suitable for use in any climate and behind all exterior claddings, including fiber cement, vinyl, and wood siding.

	<p>Standard Protection A cost-effective solution that helps keep water out but allows moisture vapor to escape, keeping walls free from mold and rot</p>	<p>Drainable Solution Quickly direct water downward and out of the wall cavity; exceeds the drainage requirements for composite siding, brick, stone, and stucco</p>	<p>Energy-Saving Upgrade Protect against moisture intrusion while reducing energy costs by 23-50%* with self-adhered water and air barrier</p>
1 Housewrap	WeatherSmart® Housewrap	WeatherSmart® D Drainable Housewrap	Blueskin® VP100 Self-Adhered Water & Air Barrier
2 Flashing	Blueskin® Butyl Flash	Blueskin® Butyl Flash	Blueskin® Butyl Flash
3 Sealant	Moistop®	Moistop®	Moistop® & Henry® 212

*Savings off on heating and cooling costs only. Based on energy modeling. Hot2000 Simulation, Denver, CO; for a two-story, 2,000 sq. ft. home.
