

Pro-Grade 988 Silicone Roof Coating Custom Color Program

For projects where a color match is required, Henry offers custom colors of Pro-Grade 988 Silicone Roof Coating for orders of 100 gallons or more. Simply follow the 3-step process below.

IDENTIFY your custom color

Select a paint swatch or a piece of metal or existing roof material – anything that matches your desired color.

SUBMIT your sample to Henry

Submit your purchase order with a physical color sample. We'll evaluate the sample and send you a color swatch for approval.*

*Turnaround time varies. Contact your sales representative for more information.

REVIEW/APPROVE your swatch

Approve your custom color by completing and returning the Pro-Grade 988 Silicone Roof Coating Custom Color Approval Form included with your custom-matched silicone swatch.

Submit your purchase order and color sample to:

Henry Company
