Henry® Pro-Grade®
Product Catalog

Made especially for the contractor
**Silicone Roof Coatings**

**Pro-Grade® 988 Silicone White Roof Coating**
- Mold and mildew resistant
- Rain safe in 15 minutes
- Permanent ponding water resistance
- High solids content, one coat application
- NSF P151 approved for rainwater catchment
- Superior UV resistance and reflectivity, helps lower roof and interior temperatures providing energy savings
- Low odor and VOC compliant in all jurisdictions
- Proven waterproofing performance per ASTM D7281
- Helps extend the existing roof membrane life cycle
- Restoration System installation qualifies for up to 20-Year Material, Labor & Workmanship

**Henry Gold Seal Warranty**
- 1.5 gallons/square
- Sizes available: 5 gallon pail and 55 gallon drum
- Coverage: 1.5 gallons/square
- Color: White, gray and tan

**Pro-Grade® 988 Premium & Custom Color Silicone Roof Coating**
- Permanent ponding water resistance
- Low odor and VOC compliant in all jurisdictions
- High solids content, one coat application
- Excellent adhesion to many substrates
- Restoration System installation qualifies for up to 20-Year Material, Labor & Workmanship

**Henry Gold Seal Warranty**
- 1.5 gallons/square
- Sizes available: 5 gallon pail and 55 gallon drum
- Coverage: 1.5 gallons/square
- Color: Almond, brick red, brown, charcoal, light gray, terra cotta, safety yellow and custom

**Aluminum Roof Coatings**

**Pro-Grade® 599 Rubberized Aluminum Roof Coating**
- One-coat application — no primer required
- Excellent flexibility
- Helps extend the existing roof membrane life cycle
- Helps lower interior temperatures as well as energy costs
- Restoration System installation qualifies for up to 12-Year Material, Labor & Workmanship

**Henry Gold Seal Warranty**
- Coverage: 1.5 - 2.5 gallons/square
- Sizes available: 5 gallon pail and 50 gallon drum

**Pro-Grade® 588 Fibered Aluminum Roof Coating**
- Resists moisture intrusion and levels irregularities in asphaltic roof surfaces
- Helps extend the existing roof membrane life cycle
- Low odor and VOC compliant in all jurisdictions
- Restoration System installation qualifies for up to a 12-Year Material, Labor & Workmanship

**Henry Gold Seal Warranty**
- Coverage: 1.5 - 2.5 gallons/square
- Sizes available: 5 gallon pail and 50 gallon drum

**Pro-Grade® 588 Aluminum WB Roof Coating**
- Resists moisture intrusion and levels irregularities in asphaltic roof surfaces
- Helps extend the existing roof membrane life cycle
- Low odor and VOC compliant in all jurisdictions
- Restoration System installation qualifies for up to a 12-Year Material, Labor & Workmanship

**Henry Gold Seal Warranty**
- Coverage: 1.5 gallons/square
- Sizes available: 5 gallon pail, 50 gallon drum and 250 gallon tote

**Asphalt Roof Coatings**

**Pro-Grade® 187 Asphalt Emulsion**
- Resists moisture intrusion and levels irregularities in asphaltic roof surfaces
- Helps extend the existing roof membrane life cycle
- Restoration System installation qualifies for up to a 12-Year Material, Labor & Workmanship

**Henry Gold Seal Warranty**
- Coverage: 3.0 - 4.0 gallons/square
- Sizes available: 5 gallon pail

**Pro-Grade® 285 Fast Set Acrylic Elastomeric Coatings**
- Helps protect and extend SPF roof performance
- Meets or exceeds ASTM D6083 - Standard Specification for Liquid Applied Acrylic Coating Used in Roofing
- Restoration System installation qualifies for up to 20-Year Material, Labor and Workmanship

**Henry Gold Seal Warranty**
- Coverage: 3.0 gallons/square
- Sizes available: 5 gallon pail, 55 gallon drum and 275 gallon tote
- Color: White, light gray, dark gray and tan

**Pro-Grade® 280 Elastomeric White Roof Coating**
- Premium water-based 100% acrylic latex coating
- Highly resistant to disbonding, chalking, mildew, fungi, discoloration
- Helps extend the existing roof membrane life cycle
- Meets or exceeds ASTM D6083 - Standard Specification for Liquid Applied Acrylic Coating Used in Roofing
- Restoration System installation qualifies for up to 20-Year Material, Labor & Workmanship

**Henry Gold Seal Warranty**
- Coverage: 5 gallons/square
- Sizes available: 5 gallon pail and 55 gallon drum
- Color: White

**Pro-Grade® 197 Asphalt Emulsion**
- Polymer fibers allow greater application rate per coat
- ASTM D1227 Type II, Class I, Fed. Spec. SS-R-1781 Type I

**Henry® 307 Fibered Asphalt Emulsion**
- Coverage: 3.0 gallons/square
- Sizes available: 5 gallon pail
Silicone Sealants

**Pro-Grade® 957 Silicone Fibered Roof Sealer**
- Reinforced with fibers
- Excellent repair material for many roofing substrates
- Seals flashings, fasteners, seams and drains
- Easily applied by trowel up to 1/2” thick on vertical or horizontal applications

Sizes available: 2 gallon pail
Color: White

**Pro-Grade® 923 Butter Grade Silicone Roof Sealer**
- Excellent repair material for many roofing substrates
- Seals flashings, fasteners, seams and drains
- Easily applied by brush or trowel up to 1/4” thick on vertical or horizontal applications

Sizes available: 2 gallon pail
Color: White

**Pro-Grade® 920 Silicone Roof Sealant**
- Seals roof membrane seams, concrete cracks, flashing, drains and damaged areas on most roof substrates
- No hardening, chalking, cracking, cracking or reverting
- Wide temperature performance range: -40 °F to 200 °F
- 100% silicone moisture-cure technology

Sizes available: 10.1 oz cartridge
Color: White

**Pro-Grade® 928 Pitch Pocket & Self-Leveling Roof Sealer**
- Encapsulates and seals fasteners on metal roofs
- Forms a watertight, non-shrinking seal for penetrations in metal pitch pocket flashings

Coverage: 150 - 200 fasteners/cartridge at 1/2” diameter
Sizes available: 10.1 oz cartridge
Color: Black

**Pro-Grade® 929 Silicone Fibered Roof Sealer**
- Reinforced with fibers
- Excellent repair material for many roofing substrates
- Seals flashings, fasteners, seams and drains
- Easily applied by trowel up to 1/2” thick on vertical or horizontal applications

Acrylic Sealants

**Henry® 295 Metal Seam Sealer**
- Rubber-based, mastic-grade, elastomeric sealant designed to seal critical fasteners and lap seams on metal roofing
- Can be applied with a bulk cartridge applicator
- May be coated with either an acrylic or solvent-based elastomeric reflective coating, or an asphalt-aluminum reflective coating
- Not for use in VOC regulated areas

Sizes available: 5 gallon pail
Color: White

**Henry® 289 White Roof Sealant**
- Elastomeric acrylic patching compound
- Applies to dry or damp (not wet) surfaces
- Doesn’t “bleed through” reflective coatings
- Skins over quickly – no delays

Coverage: 12 1/2 sq. ft. per gallon applied 1/8” thick.
Sizes available: 10.1 oz cartridge, 1 gallon, 3.5 gallon
Color: White

Primers

**Pro-Grade® 294 Base Coat and Sealer**
- Stain-blocking sealer for use on asphaltic surfaces prior to silicone roof coating systems
- Gray base coat for use in water-based white roof coating systems
- Highly resistant to debonding

Coverage: 1.5 gallons/square when used as a base coat prior to application of Pro-Grade® 280
1.0 gallons/square when used as a stain blocker prior to application of Pro-Grade® 988
Sizes available: 5 gallon pail, 55 gallon drum and 275 gallon tote
Color: Gray

**Pro-Grade® 941 Adhesion Promoter**
- One coat adhesion promoter designed to enhance the bond strength of silicone coatings to roof surfaces
- Quick drying

Coverage: 500 sq. ft./gallon
Sizes available: 1 gallon can

www.henry.com
**Henry® 181 Black Asphalt Saturated Glass Fabric**  
- Woven, open-mesh fiberglass  
- ASTM D1668  
Sizes available: 4 in. x 150 ft., 6 in. x 150 ft., 36 in. x 150 ft.

**Henry® 183 Yellow Resin Coated Glass Fabric**  
- Yellow resin coating minimizes distortion and aids in quality workmanship  
- Compatible with asphalt cements and coatings, emulsions, solvent-based and hot-melt products  
- ASTM D1668  
Sizes available: 4 in. x 150 ft., 6 in. x 150 ft., 36 in. x 150 ft.

**Henry® 296 ElastoTape™ Repair Fabric**  
- 100% spunbonded, non-woven polyester mat  
- High tensile strength  
- Puncture resistant  
- Excellent reinforcement fabric for roofing and waterproofing applications  
Sizes available: 4 in. x 150 ft.

**Pro-Grade® 155 Flashing Cement**  
- Contains SBS rubber for flexibility and elasticity  
- Will not sag/slip even at high roof temperatures  
- Low temperature and summer grades  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 5 gallon pail  
Color: Black

**Pro-Grade® 151 Plastic Cement**  
- Smooth, easy-to-use, trowel application  
- Contains 100% recycled fibers for added strength and durability  
- Excellent adhesion to many common roof surfaces  
- Low temperature and summer grades  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 5 gallon pail  
Color: Black

**Pro-Grade® 167 Extreme Rubberized Flashing Cement**  
- Contains UV inhibitors and SBS rubber for durability  
- Suitable for extreme weather conditions  
- Superior elasticity and flexibility; ideal for control joints and seams or anywhere else movement is expected  
- Installation temperature range (ambient): -20 °F to 140 °F  
- 100% underwater adhesion per ASTM D3409  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 1 gallon can and 5 gallon pail  
Color: Black

**Pro-Grade® 163 Emergency Leak Repair Sealant**  
- Modified with SBS rubber for improved flexibility and durability  
- Tenacious adhesion even when applied underwater  
- Spreads easily, even in cold weather  
- Installation temperature range (ambient): 0 °F to 120 °F  
- 100% underwater adhesion per ASTM D3409  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 10.1 oz cartridge, 1 gallon can and 5 gallon pail  
Color: Black

**Pro-Grade® 150 Flashing Cement**  
- Contains SBS rubber for flexibility and durability  
- Will not sag/slip even at high roof temperatures  
- Low temperature and summer grades  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 5 gallon pail  
Color: Black

**Pro-Grade® 195 Polyester Fabric**  
- Contains soft-finish polyester  
- Provides an ideal reinforcing component in cold process roofing and repair  
- Conforms readily to irregular surfaces  
Sizes available: 6 in. x 300 ft., 12 in. x 300 ft., 40 in. x 324 ft., 6 ft. x 324 ft.  
Color: Black

**Pro-Grade® 161 All Weather Flashing Cement**  
- Appropriate for setting and repairing SBS Modified Bitumen flashings  
- Modified with SBS rubber for improved flexibility and durability  
- Will not curl or chase the trowel when applied underwater  
- Low-temperature and summer-grade formulations allow for an installation temperature range (ambient) of 20 °F to 120 °F  
- 100% underwater adhesion per ASTM D3409  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 5 gallon pail  
Color: Black

**Pro-Grade® 167 Extreme Rubberized Flashing Cement**  
- Contains UV inhibitors and SBS rubber for durability  
- Suitable for extreme weather conditions  
- Superior elasticity and flexibility; ideal for control joints and seams or anywhere else movement is expected  
- Installation temperature range (ambient): -20 °F to 140 °F  
- 100% underwater adhesion per ASTM D3409  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 1 gallon can and 5 gallon pail  
Color: Black

**Pro-Grade® 163 Emergency Leak Repair Sealant**  
- Modified with SBS rubber for improved flexibility and durability  
- Tenacious adhesion even when applied underwater  
- Spreads easily, even in cold weather  
- Installation temperature range (ambient): 0 °F to 120 °F  
- 100% underwater adhesion per ASTM D3409  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 10.1 oz cartridge, 1 gallon can and 5 gallon pail  
Color: Black

**Pro-Grade® 155 Flashing Cement**  
- Contains SBS rubber for flexibility and elasticity  
- Will not sag/slip even at high roof temperatures  
- Low temperature and summer grades  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 5 gallon pail  
Color: Black

**Pro-Grade® 151 Plastic Cement**  
- Smooth, easy-to-use, trowel application  
- Contains 100% recycled fibers for added strength and durability  
- Excellent adhesion to many common roof surfaces  
- Low temperature and summer grades  
- Meets or exceeds ASTM D4586, Standard Specification for Asphalt Roof Cement  
Coverage: 12 sq. ft. per gallon applied 1/8” thick  
Sizes available: 5 gallon pail  
Color: Black
